- Tube tops
- Live snakes
- Dead snakes
- Play snakes
- Sticks that look like snakes
- Pictures of snakes

Packing:

1. Pack as efficiently as possible; "two bag rule"
2. Campers are **REQUIRED** to turn over their phones during the week.
3. Keep your stuff in your area.
4. Some things used for the trip to camp should remain in the buses/vans. For example, MP3's, radio's, DVD players, phones, etc. **If these items are taken away, they will not be returned.**
5. Keep your stuff picked up. While it is a church camp, there are people from all walks of life at camp. Don't assume your stuff is safe on your bed. Keep it picked up and put away.
6. Pick up your toiletries after each use. Don't leave shampoo, soap, etc out for others to work around.
